Gestation >16 weeks

Patients with an estimated gestation >16 weeks require a formal dating ultrasound, Blood Group and FBE.

Has your patient had an ultrasound to assess pregnancy

- Yes, the gestation has been confirmed through ultrasound → Please fax ultrasound report to 03 9658 7440
- No, the ultrasound is booked, as per below
- No, please arrange ultrasound

	Name of imaging service	/	/	Ultrasound booking date
→ Please indicate on the ultrasound request that a copy needs to be marked 'urgent' and faxed to 03 9658 7440				

Patient's blood group (if known)

Please fax any existing pathology reports to 03 9658 7440

WA catchment areas

Medicare-eligible patients resident in the following postcodes can access public services through Marie Stopes Australia. If the suburb name is not listed below, but the patient resides at an address with one of these postcodes, they are still eligible for public services through Marie Stopes Australia.

If your patient does not live in a postcode area listed below, **please use the blue Marie Stopes Australia referral pad.**
